TOP 5 HIGHLIGHTS IN SALO

1

Teijo National Park

Established in 2015 Teijo National Park is a beautiful gateway to the nature and also to the archipelago. Visitors - 105 000 annually - come all the year round.

Teijo National Park offers many faces of Finland in a small area - lovely lakes, green forests, marshes, streams and sea – all conveniently located in a small area and close to three historic ironworks villages. Activities for visitors of all ages include fishing, rowing, canoeing, wild swimming and sauna, hiking, cycling and cross-country skiing.

2

Teijo Ironworks Villages

Mathildedal, Teijo and Kirjakkala - three ironworks together play an important role in the history of industrializing Finland. Nowadays ironworks are a cultural heritage and the old history can be discovered in the area: wooden houses painted with traditional red paint, buildings of the ironwork, history, culture, nature and of course the living village itself.

There is a variety of occasions and events throughout the year. Meeting services, accommodation, local food and additional activities certainly meet the requirements of visitors. For culture lovers there are an exhibition of the old ironworks, guided tours, open air summer theater, concerts, art exhibitions and other events.

TOP 5 HIGHLIGHTS IN SALO

3

Surrounding Countryside & Archipelago

Saló is located in the coastal area next to the archipelago. The surrounding countryside offers memorable experiences and idyllic sights for campers, people on cottage holidays and other visitors.

You can choose lodging close to the nature in hospitable B&B farms, an idyllic private cottage or a 'million star accommodation' under the sky in the forest hut next to the fire place. Why don't you try fishing, hiking or boating next summer in Saló?

TOP 5 HIGHLIGHTS IN SALO

4

Wiurila Manor and Salo Art Museum Veturitalli

Manors, mills and museums tell you about the rich history and culture of Salo. A guided tour of the Wiurila Manor's museums offers a fascinating journey through the history of Finland and the Wiurila estate and a view to the present-day Wiurila.

At the Salo Art Museum Veturitalli you can enjoy high-quality art exhibitions in the city center of Salo. An old locomotive shed has been converted into a modern art museum while respecting the history of the building. At Salo Electronics Museum you can learn more about the history of TV and radio manufacturing in Finland and especially Salo.

TOP 5 HIGHLIGHTS IN SALO

5

Salo – filled with events

Salo is an idyllic small city half an hour's drive from Turku and an hour's drive from Helsinki – definitely worth visiting!

The popular evening markets on summer Thursdays from June to August bring Finnish music performances, traders, pancake cafés, second-hand shops and a children's flea market to the Salo marketplace.

The versatile selection of summer theatres, concerts, exhibitions and themed events attract those who yearn for culture. In the city centre shoppers can enjoy individual and knowledgeable service in many boutiques and smaller shops.
